

A.S. ZARYSHNYAUKU - 60

On December 29, 2015, he was 60 years old an academicien of the National Academy of Sciences of Ukraine, a professor, a doctor of agricultural sciences, a vice president - the chief scientist of the secretary of the National Academy of Agrarian Sciences of Ukraine Anatoly Semenovich Zarishniauk. The anniversary was born in 1955 in the village. Kobilchin of the Sokyryany district of the Chernivtsi region. After graduating from high school and serving in the army in 1977, he entered the Ukrainian Academy of Labor Red Banner Laboratory of Agricultural Academy (Faculty of Agrochemistry and Soil Science), graduated in 1982. Anatoly Semenovich began his labor activity at the Institute of Sugar Beet of the Ukrainian Academy of Agricultural Sciences (now the Institute of Bioenergetic Cultures And sugar beet NAAS), worked as an engineer-analyst and in 1984 entered the postgraduate study at the institute. In 1989 AS Zarishnyak defended his PhD thesis. It initiated a new scientific direction - a comprehensive approach to improving the methods of assessing the current agroecological state of agricultural land. Anatoliy Semenovich developed the theoretical and practical foundations of high-productivity agriculture in the new economic conditions, biological and agroecological principles of crop rotation, soil fertility management systems. On his initiative, a new direction for Ukraine was launched - a combination of the application of macro- and micro-fertilizers for pre-sowing seed treatment and their non-root use in sugar beet culture. In 1996 AS Zarishnyak defended his doctoral dissertation. From 1996 to 2008 he worked as the head of the laboratory of agrochemistry. Scientific activity of the scientist was aimed at the improvement of technological approaches to ecologically balanced agriculture on the reclaimed land, on the development of systems for controlling the productivity of acidic and sootontous soils in different soil-climatic conditions of the beet-feeding zone of Ukraine. He carried out original research on the optimization of fertilizer systems for the local way of introducing mineral fertilizers in field crop rotations. In 2005, AS Zaryshniak received the academic title of the professor, in 2007 he was elected a corresponding member of the Ukrainian Academy of Medical Sciences. From 2008 to 2011 AS Zaryshniak worked as an academic secretary of the Department of Agriculture, Melioration and Agroecology of NAAS. In 2010, he was elected a full member (academician) of NAAS. Since 2011, Anatoliy Semenovich worked as the chief scientist secretary of NAAS, the academic secretary of the Department of Agriculture, Melioration and Mechanization of NAAS. From 2014 to this day he holds the position of Vice President - Chief Scientific Secretary of the National Academy of Sciences of Ukraine. AS Zarishnyak organizes and coordinates the work of the subdivisions of the NAAS Presidium's apparatus, general management of the branches and scientific institutions of the National Academy of Sciences of Ukraine; Organizational and methodical management of the Department of Agriculture, Melioration and Mechanization of the NAAS. Under his leadership successfully defended 12 candidate and 1 doctoral dissertation. AS Zarishnyak conducts fruitful scientific, scientific-organizational and public activities. He is a member of the Academic Council and the specialized academic council D26.360.01 of the Institute of Bioenergetic Cultures and Sugar Beets of the National Academy of Sciences of Ukraine, a member of the editorial boards of scientific collections and magazines "Sugar beets" and "Bulletin of Agrarian Science". He published 171 scientific papers, including 7 books. Together with co-authors A.S. Zarishnyak prepared 8 national standards of Ukraine, received 12 certificates of authorship and patents. For active scientific, scientific and organizational activity, the scientist was awarded the Honorary Diploma of the Ukrainian Academy of Sciences (2005), the Honorary Diploma of the Supreme Council of Ukraine (2015), awarded the Honorary Award of the Ukrainian Academy of Sciences (2010), the Honored Worker of Science and Technology of Ukraine (2012) .), Laureate of the State Prize of Ukraine in the field of science and technology in 2014 (2015). We sincerely congratulate Anatoly Semenovich on his 60th birthday, wish him good health, new successes in the field of science.

Staff of the Presidium of the NAAS
